

The “Let Us Vote for a Balanced Budget Amendment” Resolution

1. Congress shall set the time and place (call) for an Article V Convention for proposing a Balanced Budget Amendment (BBA) with related fiscal limits. This call will be issued on the counting of 34 Article V Applications from among the more than 700 already submitted by state legislatures.
2. Congress shall stipulate that the State Convention Mode of Ratification shall be used if a BBA is proposed by the Article V Convention. (Note: Ratification of the 21st Amendment by State Conventions was effectively a vote of the people.)
3. Congress shall declare as null and void any proposed amendment that is unrelated to balancing the federal budget and shall refuse to forward any such unauthorized amendment to the states for ratification.
